

Searching for Products in Windowizard

In Windowizard select the **Products** tab

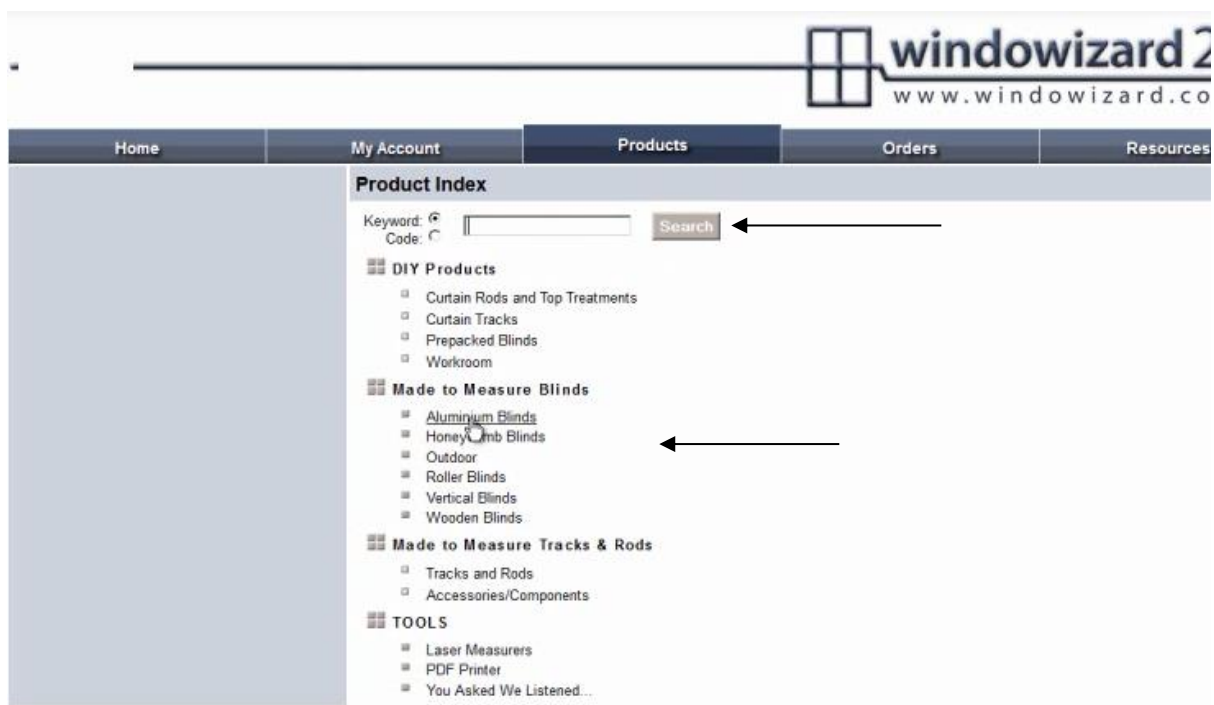

Then, **select the supplier** you want on the right hand side drop down box

The screenshot shows the Windowizard 2.0 website interface. At the top, there is a navigation bar with tabs for Home, My Account, Products, Orders, Resources, Sales Manager, and About Us. The 'Products' tab is selected. Below the navigation bar, there is a 'Product Index' section. On the left, there is a search box with 'Keyword:' and 'Code:' labels, and a 'Search' button. Below the search box, there are several product categories listed with expandable icons: 'DIY Products' (Curtain Rods and Top Treatments, Curtain Tracks, Prepacked Blinds, Workroom), 'Made to Measure Blinds' (Aluminum Blinds, Honeycomb Blinds, Outdoor, Roller Blinds, Vertical Blinds, Wooden Blinds), 'Made to Measure Tracks & Rods' (Tracks and Rods, Accessories/Components), and 'TOOLS' (Laser Measurers, PDF Printer, You Asked We Listened...). On the right side of the page, there is a dropdown menu for selecting a supplier. The dropdown is open, showing a list of suppliers: MCP New Zealand Ltd, Other Fabrics, Ken Bimler Limited, Charles Parsons, James Dunlop Textiles, MCP New Zealand Ltd, Mollers Hardware, and Textilia. An arrow points to the dropdown menu.

You can search for products using a key word in the **search box** or a code

Otherwise you can use the **headings** under this to find a product you are looking for

The screenshot shows the Windowizard 2.0 website interface, similar to the previous one. The 'Product Index' section is visible. There are two arrows pointing to specific elements: one points to the 'Search' button in the search box, and another points to the 'Aluminum Blinds' sub-category under 'Made to Measure Blinds'.

When you search for a product you can then click on them to see all the **product details**
