

Quick Find Order/Proposal

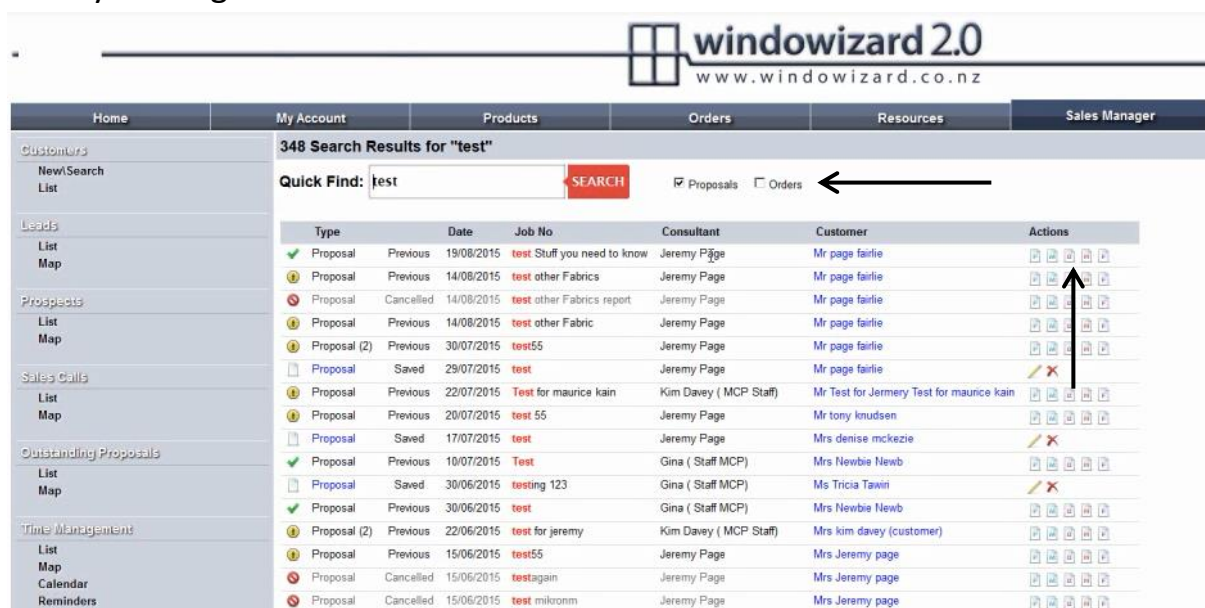

Click on the **Orders** tab or **Sales Manager** tab

You can click on **orders** or **proposals** or **both** to search in these fields.

Type in the **job number** to search

It will then find the proposal/order and you can then view the client proposal etc. by clicking on the icons under **Actions**

We have made it easier so that you can scan a barcode and Windowizard will find the product without having to type in information-Saving time!
