

How to maintain other fabric categories:

Step 1: The following function is how to maintain the categories on the other fabric's category; this is a category that you or the user has already loaded. Looking at the screenshot below you will see 'Gina's Textiles' (don't click on it)

The screenshot shows the Windowizard 2.0 web application interface. The top navigation bar includes 'Home', 'Setup', 'Products', 'Orders', 'Resources', 'Sales Manager', 'About Us', and 'Help'. The 'Setup' menu is currently selected. Below the navigation bar, there is a header for 'Other Fabrics' with sub-links for 'Ken Birmler Limited', 'Charles Parsons', 'James Dunlop Textiles', 'MCP New Zealand Ltd', 'Mollers Homewares', and 'Textilia'. The main content area is titled 'Product Index' and features a search bar with 'Keyword' and 'Code' fields and a 'Search' button. A list of fabric categories is displayed, including '007', '12', '123', '3333', 'basford brands', 'Carpet', 'cdf', 'Chrissy's Fabric House', 'Dial', 'Generic Fabric', 'Gina's Fabric House', 'Gina's Textiles', 'Hemptech', 'Hemptech1', 'Hoad', 'Icon', 'icon 007', 'Ivines', 'KIKKM1', 'Maurice Kain', 'Maurice Kain kdhyhigh', 'Mill International', 'mik', 'netex', 'Other Fabric', 'Phils Special Fabrics', 'Promax Linings', 'Resene', 'Testing', 'TestingJP', 'Textilia', 'unique', 'UNIQUE!', and 'warriick'. This screenshot is identical to the one above, showing the Windowizard 2.0 web application interface. The 'Setup' menu item is highlighted in the top navigation bar. The 'Product Index' page displays a list of fabric categories under 'Other Fabrics', including 'Gina's Textiles'. The search bar and list of categories are the same as in the previous screenshot.

Step 3: You then click on 'Maintain Other Fabrics' like shown below:

The screenshot shows the 'windowizard 2.0' website interface. The top navigation bar includes 'Home', 'Setup', 'Products', 'Orders', 'Resources', 'Sales Manager', and 'About Us'.
